Advancement Via Individual Determination

[L. avidus]: ***eager for knowledge***

What Drake believes:

- All kids go to college without question
- All kids have the money to go to college
- Everyone has a 4.0 and school is easy

(if you listen to the “culture” of Drake)

We know the truth….

- School can be really hard, confusing and frustrating.
- Not everyone is great at math.
- College is really hard to imagine for me.
- Sometimes I just don’t care….

What AVID @ DRAKE believes...

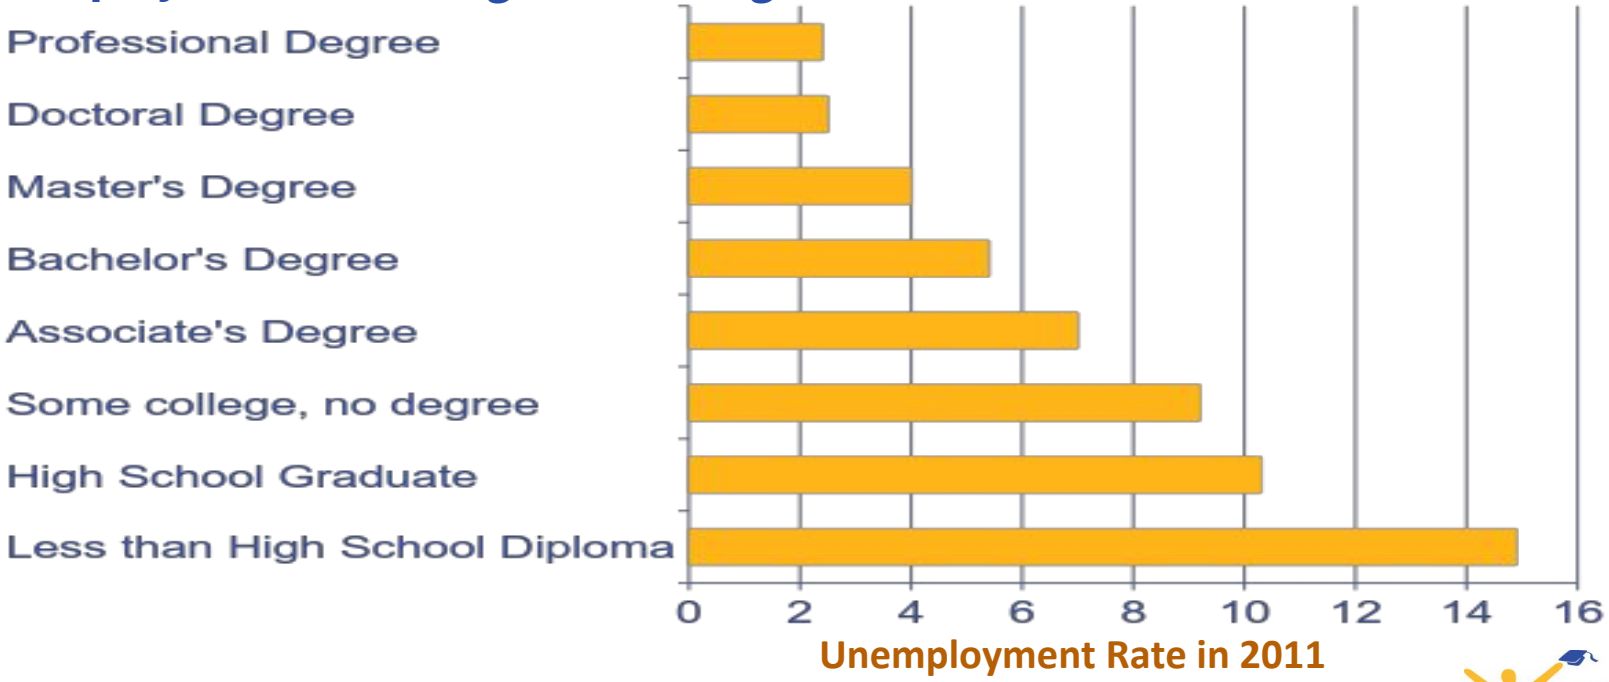
Every student should have the opportunity to go to college.

We need to provide the support, motivation and skills to make college attainable for all.

We want ALL kids to reach their potential and dreams every day.

The Impact of Higher Education

Obtaining a college degree nearly doubles the opportunity for employment over a high school degree



Data Source: Bureau of Labor Statistics, Current Population Survey

Why AVID?

What we believe students need:

- academic support when school is confusing
- motivation when we don’t care
- skills to make sense when overwhelmed
- a coach and a path that is clear and reliable

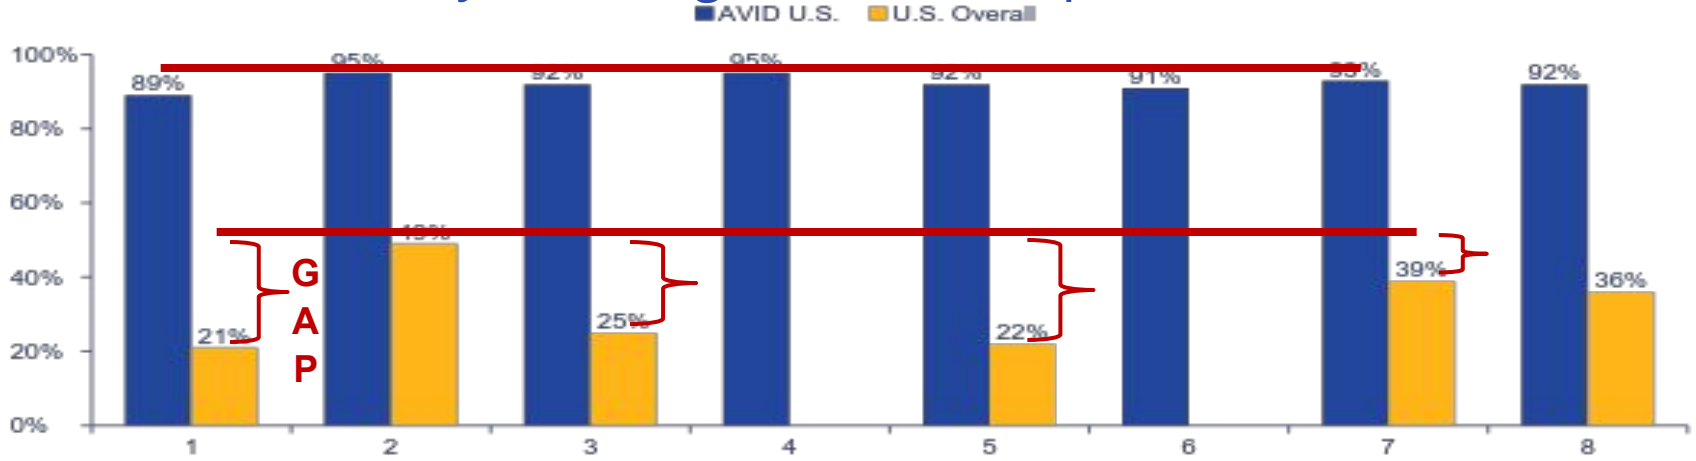
College Readiness Defined

- **College readiness**: the level of preparation a student needs to **enroll and succeed**—**without remediation**—in a general education course in college.

Dr. David Conley, Defining College Readiness

AVID closes the achievement gap

2014 AVID Elective seniors completing four-year college entrance requirements



AVID. (2014). *AVID senior data collection: Study of 36,450 AVID seniors* [Electronic Database].

Greene, J.P. and Forster, G. (2003). *Public high school graduation and college readiness rates in the United States* (Report No. 3). New York: Manhattan Institute for Policy Research. *Filipino and Other not classified by Greene and Forster (2003)

National data represents the most current comprehensive data available

2014 AVID Elective Seniors
