Peer Notebook Check #2

I am holding you accountable for fairly evaluating your peers' notebooks in class. You will be scoring classmates based on whether they have all assignments in their notebook, and required signatures (when applicable).

Add **one point** for each **COMPLETE** item your classmate has in their NB. Add **one point** for required signatures. If you were absent on the day of the assignment, write "EX" (for excused). If you write "EX" for any line, your absence must be verified by me and you must show me the missing assignments the next block day to earn credit.

____/1: Bonds. Chemical Bonds
____/2: Flint Water Crisis Notes
____/1: More Bonding Notes
____/1: _____ Bonding Pt.1
____/1: Models of Covalent Compounds
____/1: Modeling Ionic and Covalent Bonds (Skittles)
____/1: Marking Period #1 Reflection

**TOTAL**\_\_\_\_\_/8 points
