

NEW TERMS:

12. Group

13. Period

14. Atomic radius

15. Valence electrons

16. Ionization energy

17. Molecule

18. Compound

19. Ionic bond

20. Covalent bond

21. Polar covalent bond

22. Non-polar covalent bond

You may make physical notecards or, if you prefer, make a Quizlet with these terms. We will be adding to our notecards as we learn more terms in the unit.

Vocabulary terms we've already reviewed...

1. Matter
2. Atom
3. Proton
4. Neutron
5. Electron
6. Nucleus
7. Element
8. Ion
9. Isotope
10. Atomic number
11. Atomic mass
