

AA PREP: GRAPHING LINEAR INEQUALITIES—WORKSHEET #1

Graph each linear inequality. Shade the appropriate solution region.

1. Graph: $y > 2x + 7$

2. Graph: $2x - 5y \leq 10$

3. Graph: $y - 3 \geq \frac{1}{4}(x + 5)$

4. Graph: $y > -4x$

5. Graph: $y < 7$

6. Graph: $x > -7$

7. Graph: $y - 5 \geq \frac{2}{3}(x - 4)$

8. Graph: $y \leq -\frac{5}{2}x - 3$
