

**Tamalpais High School, Mill Valley, CA**  
**School Accountability Report Card**  
**Reported Using Data from the 2019-2020 School Year**  
**Published During 2020-2021**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### School Description and Mission Statement (School Year 2020-2021)

Tamalpais High School was opened in 1908 and has a long history of providing an excellent education to generations of young people in Southern Marin. Tam's 1608 students attending the site come from Marin City, Bolinas-Stinson, Mill Valley, and Sausalito. As a member of the the Tamalpais Union High School District, the school is dedicated to the development of creative, passionate, and self-motivated learners. Upon graduation, students will be prepared for engaged citizenship and able to contribute individually and collaboratively in order to address the challenges of a dynamic and diverse world. To these ends, all students will demonstrate mastery of core competencies and will be offered meaningful learning experiences to enable them to access and critically analyze information, pose substantive questions, and communicate effectively.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

### Teacher Credentials

Teachers	School 2018-19	School 2019-20	School 2020-21	District 2020-21
With Full Credential	94	100	91	0
Without Full Credential	2	0	1	0
Teaching Outside Subject Area of Competence (with full credential)	0	0	0	0

### Teacher Misassignments and Vacant Teacher Positions

Indicator	2018-19	2019-20	2020-21
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments*	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

## Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: 12/20

The district uses a curriculum review and development process that ensures all district curriculum is compared to state content standards at least every five years. The selection and evaluation of the instructional materials is coordinated with the process for curriculum development. This curriculum cycle also provides opportunity to update supplementary and electronic instructional materials. All students in the district are provided copies of and access to standards-aligned textbooks and other instructional resources, which have been adopted by the governing board of the Tamalpais Union High School District and curriculum frameworks are consistent with those adopted by the California State Board of Education in the core areas of English Language Arts, Mathematics, Science, Social Science, World Language and Health. TUHSD is currently investigating materials in Mathematics and English aligned to the new Common Core state standards.

The district's textbook and instructional materials purchase process assures that student enrollments, by course, are used to determine the numbers of copies of books to order so that each student has his/her own materials to use at school and at home. Instructional materials are selected after courses of study are reviewed and updated, to ensure that they are aligned with the state content and performance standards for that course. The district also has established a standard equipment list for all science classes to ensure that each science lab is equitably equipped with the necessary laboratory equipment. In addition, Tam has secured the use of chromebooks that are utilized in each classroom. Students have access to these technological devices throughout the school day.

Subject	Textbooks and Other Instructional Materials/year of Adoption	From Most Recent Adoption?	Percent Students Lacking Own Assigned Copy

## School Facility Conditions and Planned Improvements

The District makes considerable efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a school facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the District Office.

Tamalpais High School is a 26.8 acre campus which has 60 classrooms, a student center (multipurpose room), a library, an administration building, swimming pool, and athletics fields. The original campus was built in 1908. Tamalpais High School recently completed major modernization as part of a \$121 million dollar facilities bond measure. Approximately sixty million dollars was spent to remodel classrooms, refurbished the gymnasium, build a performing arts center, and install new athletics fields. During the 2008-09 school year, the campus constructed a new 22 classroom building (Keyser), a new pool, field house, and student drop off area. The current status of the District modernization work can be checked at the [tamdistrict.org](http://tamdistrict.org) website. Modernization has included replacement of the major infrastructures (heating, lights, electrical, plumbing), painting, new floors, lockers, and furniture. Technology networking has been upgraded and is accessible in all instructional spaces. The Tam High Foundation has finished renovation on the Student Center.

The Director of Maintenance established a regular standard for cleaning all district facilities. A custodial staff with assigned routes cleans and maintains all campus areas on a regular basis. Classrooms, offices and restrooms are cleaned every day. An on-line Maintenance Work Order system has been implemented to report and monitor status of maintenance requests.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Roofing, plumbing, paving, heating, painting are typical projects funded in this manner. The district's five-year deferred maintenance plan is available from the Director of Maintenance and Operations.

The three campus supervisors and four administrators are on duty supervising the campus before, during, and after school. They routinely monitor the entire campus, including surrounding streets. The school has a system for visitor check-in with signs posted to direct the public to the office. Procedures are in place to handle unauthorized access during the school day.

### School Facility Good Repair Status

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2018-19	School 2019-20	District 2018-19	District 2019-20	State 2018-19	State 2019-20
English Language Arts/Literacy (grades 3-8 and 11)	71	N/A	72	N/A	50	N/A
Mathematics (grades 3-8 and 11)	54	N/A	58	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### Career Technical Education Programs (School Year 2019-2020)

Tamalpais High School offers a variety of Career Technical Education (CTE) courses through the Applied Technology Department and The Regional Occupational Program (ROP). The Applied Technology Department offers a wide variety of courses that prepare students for the technological expectations of college and the workplace. ROP offers tuition-free occupational training to Marin County residents 16 years of age and over. ROP works closely with local business to provide students with on-the-job training and to encourage a high potential for student employment in every training course offered. Students can take courses in fields of computer applications, automotive repair, architectural design, and construction technology.

### Career Technical Education (CTE) Participation (School Year 2019-2020)

Measure	CTE Program Participation

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

### Opportunities for Parental Involvement (School Year 2020-2021)

Tamalpais High School encourages parental involvement in a variety of ways. The site is fortunate to partner with active school connected organizations including the Tam High Foundation (THF) with three subsidiary parent-student-teacher organizations (CTE (drama), PATH (art) and THUMB (music)), the Parent Teacher Student Association (PTSA), and a Tam Athletic Boosters organization to support athletics. The Tam High PTSA provides parent education series that features a variety of topics that supports students both academically and socio-emotionally. The Tam High Foundation (THF) provides monetary support in bolstering Tam's academic and extracurricular programs through a grants based application process. Parents also serve on the Site Council, a Parent Advisory Committee, and WASC focus groups. Parent feedback is routinely sought out regarding the progress and direction of the school, on a variety of school committees, and in the hiring interview process for Administrative positions.

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

### Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### Suspensions and Expulsions

## Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
<b>Suspensions</b>	9.0		
<b>Expulsions</b>	0.0		

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

## School Safety Plan (School Year 2020-2021)

The school's Emergency Plan is on file in the principal's office and was recently updated in 2020. Practice safety drills are held annually to prepare staff and students for various kinds of emergency situations (fire, lock-down, earthquake). Each classroom has a school disaster pack with food, basic first aid supplies, and equipment. The safety plan is reviewed with staff in detail to support comprehension of safety measures. Tam staff and administration have a strong working relationship with local law enforcement and emergency services in Mill Valley. The relationship ensures clear channels of communication and up-to-date information. Crisis counseling can be provided as needed by Tamalpais staff and adjunct support services, such as Bay Area Community Resources.

The school safety plan has been modified this year to include the School Site Specific Protection Plan (SSSPP) for COVID 19.

### Types of Services Funded (Fiscal Year 2019-2020)

Title I funds are designated to pay for additional personnel. This year funds were allocated to support our Title I students through an initiative known as the Success Network. The Success Network supports students by creating a support network of Tam personnel with Community Based Organizations. The success network coordinator tracks the data of the success network student, ensuring that someone within the network connects with the student to provide additional support (academic, socio-emotional). Title I funds were also used to secure chromebooks for students along with wifi hot-spots to supports students with technology needs outside the classroom. Students were able to take equipment home and access the internet and google classroom, which many teachers use for submission of assignments. The remaining funds are designated for the salary of a part-time instructional assistant who supports our English Language Learners, as well as an AVID coordinator to support the successful implementation of the AVID program. This person supports EL students in self-contained and mainstream courses.

Number of school days dedicated to Staff Development and Continuous Improvement	3	3	8

The Tamalpais Union High School District annually schedules two full-day and six minimum day staff development days during each school year. These days are instituted to support the schools vision of college readiness for ALL student. Throughout the district, there has been a concerted effort to focus on Equity. The focus on Equity supports the districts mission to ensure that all students learn at high levels. District department professional development has focused on changes within the curriculum, ensuring that common core standards are adhered to. District days has also explored culturally relevant teaching, seeking to develop the skills needed to meet the needs of all students. Teachers in the district have collaborated to define specific learning outcomes for their courses of study, and have developed protocols to review student work and their teaching practices. At Tamalpais High School, the site level professional development have multiple purposes; portions of the days are used to explore race and racial consciousness, develop the mindset of culturally relevant instruction, investigate personal culture and implications for the classroom, to reflect on the way we think about our students and communicate expectations, articulate with feeder schools, discuss student performance, design lesson plans and units of study, and discuss school-wide issues. In addition, administrators, counselors, and teachers participate in numerous other staff development opportunities each school year.
