

SchoolPoolMarin.org

Carpool, Walk, Bike or Bus together at
www.SchoolPoolMarin.org!

Tamalpais Union High School District is pleased to support the SchoolPool Marin program. We encourage you to take a minute to register! This web-based program will help you find other interested families in your neighborhood to SchoolPool - carpool, walk, bike or bus together to school.

We can all work together to reduce vehicle trips to schools thus reducing traffic congestion and greenhouse gas emissions in Marin County. Learn more about the many benefits the program offers our community, our school and your family at www.SchoolPoolMarin.org.

SchoolPool Marin is an online referral service from the Transportation Authority of Marin through its Safe Routes to Schools program with support from a grant from the Marin Community Foundation Climate Change Initiative and in partnership with the Marin County Office of Education.

Green Ways to School

Less CO2! Less Traffic! It's Healthy! It's Fun!
