March 25, 2020

Dear parents and community-

First and most importantly, we hope that this email finds you and your family safe and well. We are sending you this message to provide a brief update on the efforts by Tam District teachers, staff, and leadership to support our students and greater community.

Last week, some of our staff were deployed as emergency child-care workers for Marin County at daycare facilities specifically set up for our community's medical personnel. As public employees, our District staff serve as emergency disaster workers during times of crisis. Our teachers are working countless hours navigating to provide instruction and lessons via remote learning, hosting tutorial and help sessions for groups and individual students. Our Superintendent and District administrators have worked tirelessly to provide the structure and support for that teaching – planning, coordinating, and managing the on-line distance learning experiences for each of our five schools to make certain we provide quality learning experiences for all of our students. They've also developed a remote learning website for our students and families with additional resources for social/emotional health and well-being, as well as nutritional support.

We are heartened by the leadership and action we've seen this past week. These are unprecedented events but more than ever, we appreciate how the teachers, staff, and leadership have risen to the challenge. We are inspired and deeply grateful for our dedicated teachers, staff, Superintendent and her team of administrators for their skill and commitment to our students and our community.

Sincerely,

Leslie Harlander, President

Cynthia Roenisch, Clerk

Karen Loebbaka
