

The foundations of geometry are the \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_.

<p><b>Point:</b></p> 	<p><b>Line:</b></p> 	<p><b>Plane:</b></p> 
<p><b>Collinear:</b></p>	<p><b>Coplanar:</b></p>	
<p><b>Segment:</b></p> 	<p><b>Ray:</b></p> 	<p><b>Angle:</b></p> 

The intersection of two lines is a \_\_\_\_\_. Some lines \_\_\_\_\_ intersect.

The intersection of two planes is a \_\_\_\_\_. Some planes \_\_\_\_\_ intersect.

Draw (on back): Two intersecting lines, two intersecting planes, a line and a plane that intersect at a point.
