

Student Questionnaire & Writing About Yourself (10 points)

So I can get to know you better, please fill out this questionnaire and one page writing assignment about yourself. The one page response you are asked to write at the bottom of page two will help me see early on what your writing ability and style are like. Take home what you do not finish in class, complete it, and bring it back by Friday. You will not be graded on the content of your responses, but on how completely you fill out the questionnaire, including and especially the written page about yourself.
