What's Happening Recently With My Company: First, make your recommendation on this stock for the near future—would you recommend buying it, selling it if a person already owns it, or holding on to it to see what happens? Then, in your own words and in complete sentences discuss three or more substantial specific concrete details from one or more current event articles about your company's recent performance that support your recommendation. **VERY IMPORTANT: To receive credit for this assignment, you must cut/print out the article(s) and staple it/them to the back of this packet:**
